

High Performance Absorbents Designed For Food Tray Manufacturers

Novipax, with over 50 years of experience, offers tray manufacturers the widest assortment of traditional and active food safety absorbents in North America. Novipax absorbent pads are available in unique mediums, sizes, colors and absorbencies, each designed to maximize the efficiency of your pre-padding process.

NOVIPAX™

A UNIQUE ABSORBENT FOR EVERY PACKAGE

From our signature Dri-Loc®, Multi-Loc® and Pad-Loc® pouch pads to our innovative line of Dri-Loc®XtendaPak active absorbents, Novipax's wide array of food safety pads maintain freshness, enhance product merchandising, and improve consumer satisfaction.

Novipax absorbents are delivered in the format that is ideal for your particular padding operation - either as individual pads bulk packed or as continuous strands on convenient rolls or in higher volume Gaylord boxes.

Novipax operates four absorbent manufacturing facilities featuring state-of-the-art equipment and technologies. In addition, we offer a team of packaging specialists and customer service representatives dedicated to each account.

Each Novipax facility is accredited by the Safe Quality Food Institute (SQF) to be in full compliance with the Global Food Safety Initiative (GFSI) benchmarked food safety scheme that covers the hygienic production of packaging materials.
