

NOVIPAX™

Absorbent Solutions
for Foodservice

From prep to service

Absorb unwanted moisture with quality pads

From front-of-house to back-of-house, we help restaurants serve the tastiest food in the safest conditions. No matter what's on the menu, foodservice customers want the same thing: the freshest food prepared in the cleanest environment.

Our solutions enhance food freshness, promote kitchen hygiene, and support employee and restaurant patron safety for restaurants of every size and style, from fast food chains to fine dining establishments.

Made in the USA

We believe we're only as successful as the American communities where we operate. That's why we're committed to doing everything we can to make them better places for our neighbors to live, work, and play. From providing lifelong career opportunities to our valued team members to investing in community betterment initiatives with real-world impact, we measure success one family at a time.

Our state-of-the-art manufacturing facilities and raw material partners are strategically located across the United States for the industry's most reliable supply capabilities.

Foodservice Products

UltraZap SpillGuard®

Available in bright orange or yellow, SpillGuard mark spill areas as hazardous and starts the clean-up process.

Floor Guard

A disposable pad with a highly absorbent core and a low-slip poly backing is ideal for proactively capturing moisture under drying racks or freezers.

Prep Pads

Pads capture moisture at the bottom of prep trays and containers to maintain optimal texture and freshness from prep to service.
