

NOVIPAX™

A leader in absorbent innovation for over 70 years

At Novipax, we've been engineering the world's most reliable absorbent solutions for seven decades and counting. With an innovative approach to technology, a tireless commitment to service, and a seamless U.S.-based supply chain, we're redefining absorbent performance for industries including food, healthcare, and beyond.

Next-generation absorbent technologies

We're always looking for new ways that absorbent technologies can improve everyday life. From revolutionary active absorbents to fully compostable products to theft-sensor technology, we're innovating solutions for the absorbency needs of today—and tomorrow.

Novipax gives you performance you can count on

Industry Leading Quality

The highest-quality products manufactured to the standards of the Global Food Safety Initiative (GFSI).

Innovative, Custom Solutions

A customized solution for nearly any absorbency goal—and the power of innovation when you need it.

Multiple U.S. Manufacturing Plants

Strategically networked manufacturing facilities across the U.S. for the most reliable production and supply chain assurance.

Multiple U.S.-based manufacturing facilities

Our state-of-the-art manufacturing facilities and raw material partners are strategically located across the United States and adhere to the most stringent operations and manufacturing standards, giving you the industry's most reliable production and supply chain assurance.

An earth-first approach to doing business

Our commitment to the environment doesn't end with solutions designed to reduce waste. From offering fully compostable products to recycling nearly every drop of water in our paper process, our philosophy has always been to conserve precious natural resources wherever possible.

A mission to safeguard the future

We believe a better quality of life starts with safer, more sustainable products—and that strong communities have strong, ethical businesses at their core. That's why we manufacture American-made absorbent solutions at the highest industry standards—to protect the things that matter most, and safeguard the future.

Novipax is a portfolio company of ACON Investments, L.L.C., a Washington, DC-based international private equity firm investing in North America, Latin America, and Europe. Founded in 1996, ACON strives to conduct business ethically, honestly, and in accordance with world-class environmental and social standards.

Get an absorbent solution you can trust.

Contact us today to find out how a customized solution from Novipax can help you get more out of absorbency.
